

West Windsor Selectboard
Draft Minutes
March 14, 2019

Present: Win Johnson, Matt Kantola, Mike Spackman, Martha Harrison, Seth Warren, Alan Liptak and Angela Emerson (LE Environmental), Jeff Epstein (Eagle Times)

Those present met at 2238 Route 44 (Burke's Garage) at 1:30 PM for a site visit in advance of a Phase I environmental assessment. Win Johnson signed a Professional Services Agreement with LE Environmental, as authorized at the March 11th Selectboard meeting. Win explained the proposed uses of the property. After an initial inspection of the interior and exterior of the building, Alan and Angela took a couple of samples and next steps were discussed. Alan and Angela will return after the snow melts to inspect the property further. Alan encouraged the town to contact Tom Kennedy at the Regional Planning Commission about applying to the BRELLA (Brownfields Reuse and Liability Limitation Act) program. The site visit concluded at 2:20 PM.

Respectfully submitted,

Martha Harrison
