

West Windsor Selectboard  
Draft Minutes  
May 12, 2016

Present: Dick Beatty, Tom Kenyon, Win Johnson, Laura Farrell (Mt. Ascutney Outdoors), Bill Stillson, Mike Spackman

- 1) Site visit to former resort Maintenance Shed parcel – Those present met at the maintenance shed property at 10:00 AM and agreed that Bill Stillson will try to arrange a site visit with Green Mountain Power to discuss power issues. It was also agreed that Mt. Ascutney Outdoors will complete their snowmaking inventory in two weeks; after that the town will request bids for the salvage of unwanted equipment. The hardware on the maintenance shed doors appears to be okay. Mike will get estimates on the work needed to make them operable.
- 2) Site visit to Bowers Bridge on Bible Hill Road – The Selectboard did not visit Bowers Bridge. Dick Beatty has seen the work done by the Highway Department to create a depression in the approach to the bridge. The town's insurance company was not in favor of a dip so depressions will be created on both sides and the speed limit will be reduced to 15 MPH.
- 3) Adjourn – The Selectboard adjourned by consensus at approximately 11:15 AM.

Respectfully submitted,

Martha Harrison
