

West Windsor Selectboard  
Draft Minutes  
May 4, 2016

Present: Dick Beatty, Tom Kenyon, Win Johnson, Mike Spackman, Claudia Sacuk, John & Glenna Cowans, Steve Bodley

A site visit was held at Bowers Bridge on Bible Hill Road at 11:00 AM to consider options for reducing or eliminating damage by over-sized vehicles. After discussion, the Selectboard agreed to consider: re-grading the road on both sides of the bridge to create steeper approaches just before entering the structure; installing a flexible height barrier on both sides of the bridge to warn drivers that their vehicle won't make it through the bridge opening without causing damage; installing video cameras at the site. The site visit adjourned by consensus at approximately 11:25 AM.

Respectfully submitted,

Martha Harrison
